

*Our first project in 5th grade will be to research a country of your choice that is not the United States, Canada, or Mexico. You have over 170 other options.*

*You will look up the information, record it on a chart, and then create a Google Slide presentation following the format below. Mr. Cody has an example of one for Portugal inside of the Google Drive.*

Slide 1- Picture of Country, Name of Country, Flag of Country, your name

Slide 2- Name of Country's Inhabitants, Language(s) spoken, Capital City

Slide 3- Currency (What do they use for money), Population (How many people live there), Religion

Slide 4- What type of food are they known for? Give an example with a picture of breakfast

Slide 5- What type of food are they known for? Give an example with a picture of lunch

Slide 6- What type of food are they known for? Give an example with a picture of supper

Slide 7- What are three bodies of water (River, lake, sea) that is in your country

Slide 8- What are the top four exports? Exports are products a country makes and sends to other countries
